

Concrete Hoppers

Concrete Hopper - The self-dumping hopper accessory could automatically activate to both dump and release whenever the bumper release touches the side of a dumpster. As soon as dumping is completed, the hopper can return to original locked and upright position. This particular piece of equipment likewise comes together with a cable that allows operation from the seat of the lift truck so as to have the choice of manually unloading the hopper. There is a locking chain provided to secure the hopper to the fork truck. This product is constructed with reliable and consistent robotic welds for utmost strength. The lift truck dumping hopper even has a blue powder coat finish to be able to maintain durability.
